TAI CHI CHUAN QIGONG 18 EXERCISES  
Tai Chi Chuan Institute of Stockton

15. Flying Like an Eagle

16. Circling Your Body Like a Windmill (left and right)

17. Bouncing a Ball Like a Child (right and left)

18. Quieting the Chi and Closing Qigong 18 Exercises

Directions: (1) Perform each posture in repetitions of 3. e.g. 3, 6, 9 etc. (2) Coordinate movements of arms with deep breathing. (3) When breathing, stomach expands during inhale and contracts during exhale. This is deep breathing. (4) When arms are raised, inhale. When arms are lowered exhale. (5) When arms close, inhale. When arms open, exhale. (6) When palm or fist pulls in, inhale. When palm or fist pushes out, exhale. (7) When arms lower, bend knees and sink into floor with focus of weight in the “bubbling well” of your feet. (spot on ball of foot between big toe and second toe).
